

Takeoff and Landing Hazard Avoidance

This presentation will take an in-depth look at the hazards associated with takeoff, departure, approach and landing phases of flight. The seminar will provide a comprehensive set of practical recommendations for avoiding these hazards. In addition, there will be a review of emergency procedures with special emphasis on KMIV and surrounding airports. Please click on the link below to see more details and register on-line. Please register for this event as seating is limited.

Directions: Please see map link for directions.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants.
